Nicky Shepard has recently been appointed as the Community Catalyst Worker for **Abbey People** in a role funded by the People's Health Trust. ABBEY PEOPLE Community News Summer 2014

Welcome to the latest news from Abbey People

"Abbey People" was established in March 2013 with the intention of bringing local people together to make Abbey a better community.

We have been encouraged by all that has happened in the last 12 months or so, but are always keen to talk to people living locally about what can/needs to be done, what they can do to help, and to look at ways that together we can make a difference.

So, if you have any skills or expertise, if you have ideas but no money, if you have time but don't know how to use it, or anything else...we'd love to hear from you (contact details above).
