

Making Cambridge Reading Rich

What are we looking for?

A brilliant Little Free Library location is...

- in one of our target areas for this project **Cambridge city:** Abbey; Arbury; King's Hedges; Chesterton; Trumpington
Cambridgeshire and beyond: Fenland incl Soham, Ely, March and other villages; Huntingdon; Peterborough
- Somewhere where there is low book access/potentially high deprivation or other challenges and would make a real difference for a community
- visible, accessible, and in an area with high foot traffic

A brilliant Little Free Library steward is...

- well-connected in their community and very much a 'people person'
- someone who loves books and reading, and truly believes in the mission to increase book access for everyone
- someone who recognises that running a Little Free Library requires time and effort (book sourcing, sorting & storing!)

A brilliant Little Free Library is...

- very robust (strong doors, strong hinges) and fully weatherproof
- has shelves to accommodate everything from picture books to paperbacks
- eye-catching and welcoming

Other brilliant ways to support are...

- fundraising and 'friendraising'
- donate building supplies and support
- run a book donation drive (and store them!)
